MRS. NANCY K. BROWN

The Banner received a dispatch yesterday from New York announcing the death of Mrs. Nancy Kent Brown, of Eastlake, this county, at the home of her daughter. For many years Mrs. Brown occupied a lovely cottage home at Eastlake at the most commanding heights on the lake surrounded in every direction by orange trees. This winter she decided to spend in New York with her daughter. Mrs. Brown had reached the ripe old age of eighty, but to have seen her looking after her place from day to day, investigating every detail, you would not have thought she was a day over sixty. She was a devoted member of the Episcopal church and one of her daughters married an Episcopal minister, who for the past ten years has been rector of the beautiful Blimmore chapel near Asheville. Mrs. Brown lost her husband, who was a prominent Cleveland physician, twenty years ago.

The Ocala Woman's Club is up in arms because the Banner said the placing of benches around the courthouse square by Asher Frank, with his realty company's ad, on same, met with their approval. The club says the benches are O. K. the ad, on them is not to be disparaged, but the point is this and so emphasized: The club's civic department, at the time, registered its disapproval of the benches being placed before the county commissioners as soon as the civic department learned this permission had been given, because the civic department of the Woman's Club believes the presence of benches will cheapen the stately beauty of our courthouse grounds and walks to fill them with wooden benches, no matter how nice the benches nor how refined the advertisement. Again the women fear the benches will prove so attractive they will become the loafers' paradise and that our police surveillance will not be equal to prevent such a nuisance. The ladies are very modest in this matter. They say, "Our voice is very small in this matter and we do not want to be unpleasant, but our position is very decided and we don't like to be misquoted."

Dr. Walter Hood and Fire Chief Hamp Chambers performed a test of physical prowess this morning. The electric light company had an old pole cut down in front of the Star office and to get it out of the way the gentlemen named banteringly challenged each other's strength. It was a good stiff load both straining their muscles to their utmost and the weight was about all they cared to toy with, but as they turned the corner of the Star office to dump the pole on the vacant lot, Dr. Hood sustained his part of the load with one hand and with the other lifted the chief's hat, as much as to say, "I'm with you and I'm not on the limit line yet." Those who saw the feat were very much amused at the manner in which the parties in interest performed their task.

The Gainesville Sun says the S. A. L. railroad will build a track into the phosphate mines of western Alachua, fifteen miles in length. It will reach near Newberry and it is thought will extend to Archer.

While in Tallahassee, Mr. John T. Lewis, of Moss Bluff, state inspector of convict camps, was granted courtesies of the floor. Mr. Lewis, speaking of the legislation, said Marion was opposed to the Wiggins bill to protect gophers. What Marion farmers wanted was to kill them and prevent them from destroying crops. Also said the law protecting alligators in Marion would be repealed. Hon. James Alexander of Volusia, stirred up a big cloud of dust yesterday, desiring Congressman Frank Clark of the second Florida district to be censured because he, Clark, had said in a speech before Congress the Florida legislature had instructed him to attack Bryan and Champ Clark. Even if the legislature did request Congress to put a duty on Sea Island cotton and citrus fruits, the hostile resolution of Alexander of censure on Clark was turned down to an opportunity to hear Congressman Clark in his defense. The resolution created great excitement and debate.

The educational department of the Ocala Woman's Club has about completed a substantial wire fence around the playground lots of the primary school building. That part of the lot facing north from the building is being filled in with loose earth and when this is completed will be set to grass, shrubs and flowers, making it a very attractive spot.

The executive committee of the W. C. T. U. held a meeting and voted to send their president, Mrs. H. C. Packham, to Tallahassee next week to join the white ribboners there to urge the passage of the proposed constitutional amendment for state-wide prohibition. We understand the Ocala Anti-Saloon League will send Rev. C. C. Carroll on a similar mission.

Mr. Jas. R. Moorhead has purchased the west end of the old Gerald place at Eastlake, which tract contains an acre and a half of bearing orange trees. He purchased it from Mr. C. E. Baker, of Indiana, who with his wife has spent several winters on the lake and left today for their home in the North.

There were over 500 postal cards and letters mailed in Ocala Monday to representatives and senators to line up on the proposed amendment to the constitution to permit the people to vote for state-wide prohibition. Fully half this number came from the members of the Baptist church.

Mr. and Mrs. N. A. Fort came in this morning from their grove across the Oklawaha. Mrs. Fort left this noon for Daytona to see her daughter, Mrs. Clifton, and then she will go to Rochelle to visit her brother, Mr. J. N. Chalker. The Star wishes her a pleasant outing.

Mr. Livingston and daughter, Miss Amelia Livingston, the Star valued correspondent at Lowell and Mr. Livingston's little niece, Gladys Gladney, were in town this morning shopping. They report plenty of rain in their section.

Odd Fellows meet Tuesday night.

LETTER TO THE PUBLIC FROM HON. W. D. CARN

Tallahassee, April 14.
To the People of Ocala and Marion County:
I wish to express my appreciation for the many letters I am receiving from people all over the county declaring themselves in favor of submitting the constitutional amendment for state-wide prohibition and other temperance questions. The collectors of the Roscoe Methodist church received a terrible jolt to their nervous system Sunday night, when they counted their collection and found a \$10,000 bill. They are now advertising to ascertain if the contributor did not give it by mistake and if so the owner can have it back. Generally the amount of \$10,000 is collected in the course of a year, hence the great surprise.

COUNTY COMMISSIONERS AND GOOD ROADS ASSOCIATION

The annual meeting of the County Commissioners and Good Roads Association of Florida will convene in the city of Palatka, Tuesday morning, April 27th, 1909.

The annual meetings have always been held on the third Tuesday in June, but owing to the legislature occurring this year, the meeting is called earlier.

The subject of improved roads is commanding more active and practical consideration at this time than any other question of internal improvement in the states and territories of the American Union. Agricultural, commercial, industrial, transportation, religious, educational, social and public interests are demanding a system of permanent highways commensurate with the needs of the country. The proceedings of the convention will include addresses and discussions upon the scientific, ethic and economic phases of the subject and its relation to industrial progress and development. Legislation pertaining to state cooperation and supervision, financial ways and means, the use of convict labor and other details of the subject will receive practical consideration.

State and county officials, mayors of cities, officers of commercial, agricultural, industrial, transportation, development, civic improvement and all good roads advocates are earnestly requested to be present.

A special invitation is extended to the press of the state. Palatka spreads royal welcome to her guests and bids you come. Special hotel rates.

Badges for all delegates. The trip will do you good and your presence will encourage us. Don't forget the date, Tuesday, April 27th, 1909.
